VA Announces Free Telephone System

Veterans and their dependents now are as close to the Veterans Administration Salt Lake City regional office as their telephone.

Office director Elmer J. Smith said the toll-free number is 375-3902. This new service will put callers directly through to the desk of a VA benefits counselor in the regional office.

The service will be available to residents south of Provo from 7:45 a.m. to 4:15 p.m., Monday through Friday.

The VA Benefits Counselors provide information and assistance to veterans and their dependents in the VA programs.
